smile
in one day

All-on-4® treatment concept

Smile with confidence with just 4 implants.

Step 1

If you do not like dentures, schedule a consultation with an All-on-4® practitioner, to determine if the All-on-4® treatment concept is right for you.

Step 2

On the day of surgery, four implants will be placed. You will leave your appointment with a temporary fixed prosthesis and new smile.

Step 3

After the gums and bone have healed, you will return to the dentist to receive your final fixed prosthesis.
