

The Single Tooth Certificate

Starts January, 2026

B **BOBES
BASCARAN**
DR. JAVIER

A comprehensive 4 module course to start placing and restoring single tooth implants or to gain further confidence.

MODULE 1 - 15-17 JANUARY 2026

Introduction - General & Legal Considerations. Planning & Surgical part 1 (Implant placement, flap design, suturing, GBR/Ridge preservation, temporary).

Thursday 15 January 2026

Venue: Malmaison Hotel

Theory

08.15-08.30	Registration
08.30-09.30	Meet & greet. Introduction and course outline. How can I implement implant dentistry as a GDP
09.30-10.00	STC FOR.org: Registration, exam. Questions and Answers
10.00-10.30	Implant dentistry: Legal requirements: log book, Inform consent, letters, tx plan, education (implant placement, restoration, CBCT reporting, sedation), insurance cover
10.30-11.00	Record taken: MH, CO, OE, Photos, IOS, CBCT
11.00-11.15	Coffee break
11.15-11.30	Patient Pre-op considerations: dental and medical stability
11.30-12.30	Dx and Tx plan: prosthetic (space, position, malocclusion, shape, shade) and surgical considerations (Cosmetic: smile line, hard and soft tissue)
12.30-13.00	Implant: description, types, positioning & selection: delay vs immediate, anterior vs posterior
13.00-13.45	Lunch break
13.45-15.30	Implant approach: surgical (immediate, early, delay)(1/2 stage)(staging) (Surgical considerations. Anatomy/considerations by region)
15.30-15.45	Coffee break
15.45-17.00	GBR and Ridge preservation

Friday 16 January 2026

Venue: Venue: Queens Rd Dental Practice

Live surgery (x3). Implant placement, ridge preservation

08.15-08.30	Registration
08.30-09.00	Case 1. (Tx: Delay approach 1/2 stage; Pt: name) Presentation, Dx, Planning.
09.00-09.15	Surgery preparation: Surgery set up, Surgical instruments, surgical kit
09.15-10.45	Case 1. Treatment and reflection
10.45-11.00	Coffee break
11.00-12.45	Case 2. (Tx: Delay approach 1/2 stage; Pt: name) Presentation, Dx, Planning and treatment. Reflection. Delay approach GBR/ridge preservation. Guided?
12.45-14.00	Lunch break
14.00-16.00	Case 3. (Tx: Delay approach GBR/ridge preservation guided?; Pt: name) Presentation, Dx, Planning and treatment. Reflection.
16.00-16.15	Coffee break
16.15-17.00	Inform consent, pre-op (MH, AB, Vit D, smoking, LA, mouthwash, temp, guide, order, check list), post op, follow up. Record taken and log book.
19.00 -	Social Activity/dinner: TBC

Saturday 17 January 2026

Venue: Venue: Queens Rd Dental Practice

Hands on - workshops (9): Implant placement (x16 on models), flap design and suturing.

Delay vs immediate. Custom healing abutment vs immediate loading. Ridge preservation.

08.15-08.30	Registration
08.30-10.45	Hands on session 1: Implant placement in healed and extraction sockets with different systems. (8 implants) Workshop 1: Understand the bone density Workshop 2: understand different implant systems - freehand (Replace, Parallel, Active, N1)- and protocols Delay (UR5, UR2, UL5, UL6, UL7) & Immediate (UR6, UL1).
10.45-11.00	Coffee break
11.00-12.45	Hands on session 2.: Suturing Workshop 3: Flap Design and elevation. Theory Workshop 4: suturing. Theory and hands on
12.45-14.00	Lunch break
14.00-15.30	Hands on session 3: Flap elevation, Implant placement delay and suturing with GBR. Workshop 5: Delay 1 stage: UL5-6-7 Workshop 6: Delay 2 stage with GBR: UR2. Membrane, particles, bone tack? Workshop 7: Delay 2 stage without GBR: UL3
15.30-15.45	Coffee break
15.45-17.00	Hands on session 4: immediate implant placement, ridge preservation and temporary (delegates to continue at home temporary, build and polishing?) Workshop 8: Immediate with CHA & Ridge preservation: UR6 Workshop 9: Immediate with immediate crown & Ridge preservation: UL1 Implant placement & temporary with ridge preservation: Fully guided extraction socket
17.00	Q&A. Module 2 Preparation

MODULE 2 - 26-28 FEBRUARY 2026

Planning (Tx plan delegates patients) & Surgical Part 2 (Bone Graft).

Thursday 26 February 2026

Venue: Malmaison Hotel.

Hands on - Workshops (5) BONE GRAFT

08.15-08.30	Registration
08.30-11.15	Hands On session 5: Workshop 10: bone graft (pig jaw). Horizontal bone graft
11.15-11.30	Coffee break
11.30-13.00	Hands on Session 6 Workshop 11: bone graft. Vertical bone graft. (Pig Jaw)
13.00-14.00	Lunch break
14.00-15.15	Hands on Session 7 Workshop 12: ridge preservation (pig jaw/model)
15.15-15.30	Coffee break
15.30-17.00	Hands on Session 8 Workshop 13: Sinus Lift Lateral approach (model) Workshop 14: Sinus Lift Crestal approach (model)

Friday 27 February 2026

Venue: Queens Rd Dental Practice

Live surgery (3x implant placement, temporary, GBR, CTG?) Guided vs freehand?

08.15-08.30	Registration
08.30-10.45	Case 4. (Tx: TBC Immediate implant placement with immediate loading w/o bone graft and CTG?; Pt: name) Presentation, Dx, Planning and treatment. Reflection
10.45-11.00	Coffee break
11.00-12.45	Case 5. (Tx: TBC Immediate implant placement with immediate loading w/o bone graft and CTG?; Pt: name) Presentation, Dx, Planning and treatment. Reflection. Immediate implant placement with immediate loading w/o bone graft and CTG?
12.45-14.00	Lunch break
14.00-16.00	Case 6. (Tx: TBC Immediate implant placement with immediate loading w/o bone graft and CTG?; Pt: name) Presentation, Dx, Planning and treatment. Reflection. Immediate implant placement with healing abutment, bone graft w/o bone graft. Record taken and log book. Reflection
16.00-16.15	Coffee break
16.15-17.00	Follow up: suture removal timings (patients' photos). STC FOR.org Review/follow up. Q&A
19.00 -	Social Activity/dinner: TBC

Saturday 28 February 2026

Venue: Queens Rd Dental Practice

Hands on - Workshops (4): Record taken, Dx, Planning, printing surgical guide and temp shell. Mr Neil Rollins (DEXIS IOS, DTX, Sprint-Ray). Nexus Lab (Temp shells)

08.15-08.30	Registration
08.30-10.45	Hands on Session 9: Workshop 15: Delegates patients' record taken & consultation
10.45-11.00	Coffee break
11.00-12.45	Hands on Session 10: Workshop 16: Delegate patients' Tx Planning DTX studio.
12.45-14.00	Lunch break
14.00-15.30	Hands on Session 11: Workshop 17: Delegates DTX: Surgical Guides Design. Shell Design Nexus
15.30-15.45	Coffee break
15.45-17.00	Hands on Session 12: Workshop 18: Delegates 3D Printing and assembly guide and Temp shells. Ordering.

MODULE 3 - 7-9 MAY 2026

Implant review/exposure. Prosthetic part 1: record taken, lab communication. Guest Speaker Steven Campbell (NEXUS Lab)

Thursday 7 May 2026

Venue: Malmaison Hotel.

Theory with Steven Campbell (Nexus Lab) & Neil Rollins (DEXIS IOS)

08.15-08.30	Registration
08.30-09.30	Implant osteointegration assessment (clinical, radiological). Implant Uncover
09.30-10.00	Record taken: photos, impressions
10.00-10.30	Prosthetic part: <ul style="list-style-type: none">- Loading protocols- Connections internal/externals, index,- Temporary/permanent- TL-BL- Drivers, torque- Unigrip/Omnigrip/Omnigrip/On1base- Ti base/Stock abutment/custom abutment- Screw/cemented- Restorative parts/interface: Subcritical/Critical/Cosmetic- Emergency and gingival profile
10.30-10.45	Coffee break
10.45-12.45	Lab communication, materials and abutments options (Mr Steve Campbell)
12.45-13.45	Lunch break
13.45-15.30	Design and Manufacturing (Mr Steve Campbell)
15.30-15.45	Coffee break
15.45-17.00	Biomechanics

Friday 8 May 2026:

Venue: Queens Rd Dental Practice

Live surgery. Implant/restoration Record Taken (6), more surgery? Uncover if not done

08.15-08.30	Registration
08.30-09.30	Case 1 Review, PA, Photo, IOS, Lab prescription
09.30-10.30	Case 2 Review, PA, Photo, IOS, Lab prescription
10.30-10.45	Coffee break
10.45-11.45	Case 3 Review, PA, Photo, IOS, Lab prescription
11.45-12.45	Case 4 Review, PA, Photo, IOS, Lab prescription
12.45-14.00	Lunch break
14.00-15.00	Case 5. Review, PA, Photo, IOS, Lab prescription
15.00-16.00	Case 6. Review, PA, Photo, IOS, Lab prescription
16.00-16.15	Coffee break
16.15-17.00	STC. Theory, Delegates cases. Record taken and log book. Reflection. Q&A.

Saturday 9 May 2026:

Venue: Queens Rd Dental Practice

Live surgery. Implant/restoration Record Taken (6), more surgery? Uncover if not done

08.15-08.30	Registration
08.30-10.45	Hands on Session 13: Implant exposure and Mucogingival line management Workshop 19: Implant exposure. When why and how Workshop 20: Surgical management of the mucogingival line: vestibuloplasty
10.45-11.00	Coffee break
11.00-12.45	Hands on session14: Surgical soft tissue boost Workshop 21: Part 1: Free gingival graft & Connective tissue graft Workshop 22: Part 2: Pedicle gingival graft
13.00-14.00	Lunch
14.00-15.00	Hands on session15: Restoration Record taken. Implant/abutment level. Workshop 22: Photo/camera settings adjustment and Shade taking Workshop 23: Conventional Record taken
15.30-15.45	Coffee break
15.45-17.00	Hands on Session 16. Digital record take Workshop 24: Digital Record Taken Workshop 25: Copy emergency profile. Conventional&Digital
15.00-16.00	Case 6. Review, PA, Photo, IOS, Lab prescription
16.00-16.15	Coffee break
16.15-17.00	STC. Theory, Delegates cases. Record taken and log book. Reflection. Q&A.

DELEGATES CASE REVIEW ON COFFEE BREAKS/gaps

MODULE 4 - 4-6 JUNE 2026

**Prosthetic part 2: delivery, Maintenance & Follow up.
Complication management. Leading and delegating. Complaint handle.
STC FOR.org review/exam**

Thursday 4 June 2026

Venue: Marcliffe

Hands on - workshop & Theory

08.15-08.30	Registration
08.30-11.15	Hands on Session 17: Restoration fit: Workshop 26: Fit the perfect restoration model assessment, disinfection, step by step (passive fit, contact points, occlusion, torque and closure Cement/Screw retain Workshop 27: Trouble shooting. Challenges on implant restorations
11.15-11.30	Coffee break
11.30-11.45	Final record taken. X ray, photo. OHI
11.45-12.15	Implant hygiene and maintenance
12.15-12.45	Recall and follow up
12.45-13.30	Complications in Implant dentistry part 1 Biological: mucositis and Peri implantitis (ailing, failing implants): prevention, treatment, re-treatment (explantation)
15.30-15.45	Coffee break
15.45-17.00	Complications in implant dentistry part 2. Mechanical & Cosmetic

Friday 5 June 2026

Venue: Queens Rd Dental Practice.

Restoration fitting (6) patients

08.15-08.30	Registration
08.30-09.45	Case 1 Restoration fit, PA, Photo, OH and maintenance
09.45-10.45	Case 2 Restoration fit, PA, Photo, OH and maintenance
10.45-11.00	Coffee break
11.00-12.00	Case 3 Restoration fit, PA, Photo, OH and maintenance
12.00-13.00	Case 4 Restoration fit, PA, Photo, OH and maintenance
13.00-14.00	Lunch break
14.00-16.00	Case 6 Surgery of any case. Surgery: Presentation, Dx, Planning and treatment. Reflection. Delay approach GBR
16.00-16.15	Coffee break
16.15-17.00	STC FOR.org review/exam preparation.
19.00 -	Social Activity/dinner: TBC

Saturday 6 June 2026

Venue: Venue: Queens Rd Dental Practice.

Hands on - All in competition!!

Delegates progression. STC FOR.org. Wrap up. Graduation

08.15-08.30	Registration
08.30-11.15	Hands on Session 18: All-in competition in a custom made model & pig jaw. Workshop 27: IIP, Ridge preservation, soft tissue graft and temporary: Fully guided Workshop 28: IIP, Ridge preservation, soft tissue graft and temporary: Free hand
11.15-11.30	Coffee break
11.30-13.00	Hands on Session 19 Workshop 29: Ridge preservation Workshop 30: Ridge preservation with immediate implant and custom healing abutment
13.00-14.00	Lunch break
14.00-15.15	Hands on Session 20 Workshop 31: Guide bone regeneration horizontal/vertical
15.15-15.30	Coffee break
15.30-16.30	Hands on Session 21 Workshop 32: Mucogingival line management and FGG
16.30-17.00	Where I am and where I would like to be? What is next? Self reflection.
17.00-17.30	Course wrap up. Graduation. Q&A.

Why Dr. Javier Bobes Bascaran?

- International speaker and Nobel Biocare Global Key Expert. Former ELP alumni from FOR.org
- Strong education including MsC in Prosthodontics (2008-2010) and PG Dip in Implants (2012-2013). PhD in Implant supported restorations completed in 2014
- Over a decade of experience placing and restoring dental implants from single to full arch
- 50% of dedication as Peripatetic implant dentist for over 6 years in several Practices in the North East of Scotland. From St. Andrews to Keith.
- Associate dentist and General dental Practitioner with a multidisciplinary approach, I would understand your fears and stoppers and help you find your way to start delivering your on treatments start to finish in whichever circumstance you are on
- Experience on mentoring complex cases such as full arch and single units with immediate loading in different Practices.
- Member of different international Societies such as EAO and SEPES

What can I get out of my investment?

- STC by Dr JBB: 4 modules of 3 days each with theory, over the shoulder and loads of hands-on. eGDC
- Certificate 96h (base on 8 hours day? Mentoring could be considered as CPD?) .
- 15 hands on workshops (UPDATE NUMBERS)
- 6 live patients (opportunity of additional over the shoulder experience)
- Document templates to help you implement your own paper work
- Mentoring
- 10 cases hybrid within 12 months of completion of the program
- 1 full day at Delegates Practice for surgical stages (up to 4 patients) (worth from £2,000)
- *T&C applied depending on location: no additional charge if within 1 hour distance from Aberdeen City Center. Additional cost depending on time, duration and cost of the roundtrip. To Be Discussed in a case to case basis.
- *Mentoring will be only for those completing the 4 modules.
- Subscription and support for the Single Tooth Certificate from FOR.org. 20 CE accredited by the Swiss Dental Association (upon exam approval)(worth over £400)
- Discount in further courses (10%). (F.e. Masterclass Dr Alberto Monje in May 22nd and 23rd of 2025)
- Special and customisable starter pack deals from Envista/NB equipment and other partners.
- Implants and components would be provided free of charge for 4 of your patients (no surgical nor prosthetic kits)(worth approximately £2,000)
- 1 year subscription to the DTX Studio Clinic. state of the art diagnostic and planning tool (From January 2025) (worth???)
- Small group: from 4 up to 8 delegates
- Live subscription on Passion for Dentistry by Dr JBB Study Club
- Food and drinks will be provided during the course duration
- Social events included, are expected to occur on Friday evening during the modules
