Speaker

Dr. Javier Bobes Bascaran, BDS, MSc, PhD

Dr. Javier Bobes Bascaran is a dentist with more than 15 years experience. He holds a Masters degree in Prosthesis and Occlusion and a Ph.D. in implant biomechanics. He has postgraduate qualifications and training in various disciplines such as: implantology, periodontology, orthodontics, cosmetic dentistry, restorative, facial aesthetics, sleep medicine and temporomandibular joint disorders. He takes a multidisciplinary approach to dentistry. Dr. Bobes Bascaran is published in multiple scientific journals and has been a speaker at meetings of the International Team for Implantology (ITI Iberica), the Spanish Society of Prosthesis and Esthetics (SEPES), Spanish Society of Temporomandibular disorders and orofacial Pain (SEDCYDO) and of the Illustrious Dental College of Asturias (CODES).
